

IOS DEVELOPER

JOB DESCRIPTION #1309

Welcome to the new generation of digital marketing agencies!

CMA is a boutique Seattle digital marketing agency producing compelling web experiences, deep search/social engagement, integrated branding, and immersive video/rich-media storytelling, leveraged with digital and traditional media exposure. As a leading Seattle ad agency, we separate ourselves from big ad firms by taking a very personal approach with our clients and our team members. When it comes to success, we're in this together.

CMA is looking for an experienced, full-time, Seattle-local candidate to work with management and team members on research, strategy, design, development, and agile support for iOS apps.

ESSENTIAL DUTIES AND RESPONSIBILITIES

- Interface with PM, designers, engineers to gather, define and document requirements.
- Produce concise and clear software specifications.
- Use leading edge tools to optimize design and development.
- Strong experience with Objective-C, Object-Oriented programming concepts and strong architectural skills.
- XCode IDE, Interface Builder and iPhone SDK experience.
- Continually measure and improve application and code quality.
- Comfortable seeing the development process from start to finish.

TECHNICAL REQUIREMENTS

- Advance knowledge of HTML, CSS, PHP, and MySQL.
- Ability to integrate with 3rd-party libraries and APIs such as the Facebook, and analytics platforms.
- Solid understanding of iOS5/6 technologies and APIs.

QUALIFICATIONS

To perform this job successfully, a candidate must be able to perform each essential duty satisfactorily. The technical requirements listed above are representative of the knowledge, skill, and/or ability required.

EDUCATION & EXPERIENCE

Four-year college or university program certificate; or 2+ years related experience and/or training; or equivalent combination of education and experience.

COMPENSTATION & BENEFITS

CMA offers competitive compensation based on experience. Health, wellness and transportation benefits are provided for all employees.

LANGUAGE SKILLS

Ability to read, analyze, and interpret general business information, professional journals, technical procedures, or governmental regulations. Ability to write reports, business correspondence, and procedure manuals. Ability to effectively present information and respond to questions from groups of managers, clients, customers, and the general public.

REASONING ABILITY

Ability to define problems, collect data, establish facts, and draw valid conclusions. Ability to interpret an extensive variety of technical instructions in mathematical or diagram form and deal with several abstract and concrete variables.

PHYSICAL DEMANDS

While performing the duties of this job, the employee is regularly required to sit and talk or hear. The employee frequently is required to use hands to finger, handle, or feel. The employee is occasionally required to stand, walk, and reach with hands and arms. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

WORK ENVIRONMENT

The noise level in the work environment is moderate due to the open and proximate nature of team members. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.
